Re: WC Docket No. 14-58

2015 ETC Annual Report of West Side Telephone Company

Study Area Code 170277

Dear Ms. Dortch:

On behalf of West Side Telephone Company ("West Side"), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules. West Side seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information. The redacted version is also being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of its Progress Report on its Five-Year Service Quality Improvement Plan as required by Section 54.313(a)(1).

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall JSI Vice President

301-459-7590

Re: WC Docket No. 14-58

2015 ETC Annual Report of West Side Telephone Company

Study Area Code 170277 Request for Confidentiality

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client West Side Telephone Company ("Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules, withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).

- 1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").³
- 2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report") which is contained in the attachment to the 2015 Report.⁴
- 3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313(a)(1).

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5*, 2013 Order, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories." The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

- 5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
- 6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing

⁵ See Connect America Fund et al., WC Docket 10-90 et al., Order, DA 13-332 (rel. Mar. 5, 2013) ("March 5, 2013 Order") at para 9 citing Section 54.202(a) (1) (ii).

the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

- 7. Any previous versions of this information are not publicly available.
- 8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
- 9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall JSI Vice President

301-459-7590

West Side Telephone Company – Pennsylvania

Study Area Code: 170277

Response to Lines 510 - Service Quality Standards and Consumer Protection Rules

Compliance for Voice & Broadband

In establishing this certification in its 2005 ETC Order, the FCC found that an ETC must

make "a specific commitment to objective measures to protect consumers." ² The FCC found that

for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy

this requirement" and that the sufficiency of other commitments would be considered on a case-

by-case basis.³ In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant

is subject to consumer protection obligations under state law, compliance with such laws may meet

our requirement."⁴

West Side Telephone Company ("Company") hereby certifies that it complies with

applicable service quality standards and consumer protection rules and related services sourcing

rule as established by the Pennsylvania Public Utility Commission. These obligations include, but

are not limited to, the following: (1) filing a Local Exchange Tariff which discloses rates, terms

and conditions of service to customers; (2) adherence to state consumer protection requirements

governing telephone providers; and (3) service quality standards requirements and actions as

¹ Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("2005 ETC Order").

² *Id.* at para. 28.

2 * 1 = 1 = 5 = 6

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: "(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy." *Id.* at n. 71.

⁴ *Id.* at n. 72.

identified in 52 Pa. Code § 63, Subchapter E (Telephone Quality Service Standards) and reporting of corrective action under 52 Pa. Code §§ 63.51-63.65. Further, the Company complies with Cyber Security Planning to maintain security for its infrastructure as required in 52 Pa. Code §§ 101.1-101.7. For service outages, the company complies with 52 Pa. Code §67.1 regarding the reporting of service interruptions which reach a state-defined threshold.

In addition, the Company complies with numerous federal consumer protection standards including, but not limited to: (1) Truth-in-Billing Rules outlined in 47 CFR § 64.2401; and (2) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

For its broadband service, the Company hereby certifies that while there are no applicable state broadband service quality standards and consumer protection rules yet established under Pennsylvania statutes, the Company discloses rates, terms and conditions on its public web site and the Company complies with applicable federal and state customer protection standards generally applicable to all businesses operating in Pennsylvania. In addition, the Company adheres to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the 2015 Open Internet Order when it becomes effective.

West Side Telephone Company – Pennsylvania

Study Area Code: 170277

Response to Lines 610 - Ability to Function in Emergency Situations, Voice and

Broadband

West Side Telephone Company ("Company") hereby certifies that it is able to function in

emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C,

§54.202(a)(2)¹ and the West Side Administrative Code. The Company's network is designed to

remain functional in emergency situations without an external power source, is able to reroute

traffic around damaged facilities, and is capable of managing traffic spikes resulting from

emergency situations as required by Section 54.202(a)(2). The Company can change call routing

translations as needed to reroute traffic around damaged facilities. Changing call routing

translations also allows the Company to manage traffic spikes throughout its network, as

emergency situations require.

Specifically, the Company is able to function under emergency operations in accordance

with § 63.14 as established by the Pennsylvania Utility Commission which include obligations

for continuity of service and emergency operations planning and service provision capability for

dominant carriers. Reserve equipment includes a minimum of 3 hours battery reserve for central

offices equipped with permanently installed standby power facilities. Central offices have

adequate provisions for standby power. Exchanges exceeding 5,000 lines shall be equipped with

stationary standby power facilities. Company exchanges do have installed stationery power,

Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

however, they do not exceed the 5,000 line threshold and therefore do not have permanent auxiliary power.

The Company's standby generators and battery back-up equipment support both voice and broadband network equipment in the event of an emergency situation.

S14. LIFELINE SERVICE

S14.1 Description

Lifeline Service is a federally funded program established to provide monthly assistance to residential low income households who qualify for this service in accordance with the following Regulations.

S14.2 Regulations

- 1. Lifeline Service is available to qualified customers and is provided via a residence individual Dial Tone Line. Lifeline Service is limited to only one Service per qualified customer or household (a household is defined as "any individual or group of individuals who are living together as one economic unit" an economic unit is "all adult individuals contributing to and sharing in the income and expenses of a household"). A potential Lifeline customer who has an outstanding final bill for telephone service which is less than (4) years old must pay the entire balance of any Basic Service final bill before being eligible for Lifeline Service.
- 2. Residence Lifeline Service consists of the following tariffed standard features and optional customer elected services at the applicable rates, charges and regulations for each feature and service provided.
 - a. One-Party Residence Line Rate or Local Measured Service Option.
 - b. Directory Listing (standard only).
 - c. Non-Published or Non-Listed Telephone Number Service.
 - d. Access to Directory Assistance Service.
 - e. Touch-Tone Calling Service.
 - f. Access to Message Toll Telephone Service and Optional Dial Station-to-Station Calling Plan Services. However, the Residence Lifeline Dial Tone Line will be blocked from dial station access to 976/556/900 and any other type of Audiotex Service.
 - g. Access to Operator Services.
 - h. Voluntary Toll Restriction Option.
 - i. Access to 800/888 Services.
 - j. Access to Call Trace.
 - k. Access to Alerting and Reporting Systems (9-1-1 dialing).
 - 1. Access to the Pennsylvania Telecommunications Relay Service.
 - m. Caller ID Per-call and Per-line Blocking.
 - n. Other eligible telecommunications services at tariffed rates.

West Side Telephone Company DBA West Side Telecommunications

Section 14
Fifth Revised Sheet 2
Cancels Fourth Revised Sheet 2

S14. LIFELINE SERVICE

S14.2 Regulations (continued)

3. An applicant for Lifeline Service must be a current participant in one of the following Pennsylvania programs, or be able to provide proof of household income which is at or below 135% of the annual Federal Poverty Guidelines for all States (except Alaska and Hawaii) and the District of Columbia. Recertification of Lifeline Service participants must be conducted annually by West Side Telecommunications to ensure continued eligibility. Lifeline customers have the responsibility to notify the Telephone Company within thirty (30) days of a change in eligibility status if they no longer qualify for Lifeline Service.

Pennsylvania Department of Public Welfare Lifeline Service Programs:

* Temporary Assistance for Needy Families (TANF)

* *

(C)

- * Supplemental Security Income (SSI)
- * Medicaid
- * Supplemental Nutrition Assistance Program (SNAP) (f/k/a Food Stamps)
- * Low Income Home Energy Assistance Program (LIHEAP)

Additional Eligible Programs (Federal)

- * Federal Public Housing
- * National School Free Lunch Program

The DPW Programs listed above must be certified by DPW. Such certification by DPW will be provided only when a DPW client requests Lifeline Service based on the client's status as a participant in any of the above eligibility programs. Certification by DPW will be limited to confirmation of the client's program status (i.e., participation or non-participation). Participation by DPW is subject to execution of an agreement with DPW and West Side Telecommunications.

4. Lifeline Service will be provided to a customer only so long as such customer continues to meet the participation and certification guidelines in S14.2 (3) above. At the time of initial establishment of Lifeline Service, the customer agrees to have his or her eligibility recertified annually by West Side Telecommunications. When West Side Telecommunications is notified by the customer or determines through recertification that the Lifeline Service customer is no longer a participant in the DPW programs in S14.2 (3) above or otherwise low-income eligible, the customer will be notified (by telephone or letter) that the Lifeline Service rate is no longer applicable. Within the stated customer notification period (30 days from the date of the notification), the customer can contact the Company to negotiate new Dial

West Side Telephone Company – Pennsylvania

Study Area Code: 170277

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

West Side Telephone Company - Pennsylvania hereby certifies that throughout 2014, it

took reasonable steps to provide upon reasonable request broadband service at actual speeds of at

least 4 Mbps downstream/1 Mbps upstream, and currently, it is taking reasonable steps to provide

upon reasonable request actual speeds of at least 10 Mbps downstream/1 Mbps upstream

broadband service at with latency suitable for real-time applications, including Voice over Internet

Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas

and that requests for such service are met within a reasonable amount of time. If a request for

broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is

unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1

Mbps upstream is reasonable, the Company offers broadband service at actual speeds of at least 4

Mbps downstream/1 Mbps upstream.

ABC Telephone Company (SAC 170277)

Response to Line 3012 - List of Community Anchor Institutions to Which the ETC Newly Began Providing Service

The FCC's *USF/ICC Transformation Order* requires a listing of community anchor institutions to which the ETC newly began providing broadband service. West Side Telephone Company did not serve any new anchor institutions in 2014.
